Projects

Live

Connect | JavaScript, React, Redux, Rails, PostgreSQL

A RESTful web blogger inspired by Medium

- Designed and implemented frontend and backend authentication systems
- Eliminated N+1 queries by eager loading associations for JSON views
- Optimized page load by resizing images via Paperclip, and serving via AWS S3

Live

Tetra | JavaScript

A JavaScript web-game inspired by Tetris

- DRYed up code through object-oriented design principles
- Tracked game state and visual representation separately to avoid bugs

Live

dollar-dom | JavaScript

Lightweight JavaScript library in the spirit of jQuery

- Designed to manage core DOM manipulation functionality, make AJAX requests and add event handlers via native DOM API

Education

App Academy

1000+ hour web development course with < 3% acceptance rate

Curriculum included test-driven development, OOP, REST, and custom auth

SUNY New Paltz

BA in Art History

Specialized in Modern Art, knowledge of Baroque, Impressionist, and Ancient Art

Skills

Ruby Rails jQuery git JavaScript HTML CSS React Redux RSpec SQL

Work History

Fine Dining - Interim GM, Captain, Bartender

Served and managed award-winning restaurants: Dover, Battersby, The Standard Grill | Jan 2012 - Oct 2016
